What is Thrive at Home?

Thrive at Home with Whitney Center is a new Life Care at Home health and wellness membership program, designed to help you stay healthy and independent in your home—an ideal way to secure long-term peace of mind. With Thrive at Home, there's no need to move and no need to worry. You **stay in the comfort of your own home** near your family and friends, continuing to enjoy your lifestyle as you know it.

We help make your home safer, and take the possible burden off your family and loved ones if healthcare or personal services are ever needed in the future—all for less than \$20 a day. If you already have long-term care insurance, Thrive at Home integrates with it to offer more benefits.

Becoming a Thrive at Home member protects you from the rising cost of healthcare. Despite industry prices increasing year by year, with your membership and monthly maintenance fees, the costs for future needs are fully or partially paid for, depending on the membership level you choose. Our different membership levels offer flexibility to choose the degree of service that works best for your needs and your timeline. **Learn more at ThriveAtHome.org**

Doing what you like is freedom. Liking what you do is happiness!

What makes Thrive at Home so special?

- You are in control of your future. We provide guidance and support regarding your options, to fit your needs and lifestyle.
- It's a new preventive and long-term care membership program designed to help you stay healthy and independent.
- Different membership options allow you to choose the plan that works best for you.
- You get your own personal service and wellness team—your navigators who are on call 24 hours a day, 7 days a week.
- Easy access to top healthcare services when needed, such as nursing aides, live-in services, medically necessary transportation, GPS-enabled emergency response systems, and much more—at no extra cost.
- Your family can rest assured that you are being cared for daily, if needed, while avoiding placement into facilities such as nursing homes.
- Significant savings for you and your family. At less than \$20 a day, the monthly costs of Thrive at Home are less than the expense of similar alternatives, which can cost over \$400 a day.
- Your care is backed by Whitney Center, Connecticut's premier 5-star rated, not-for-profit life plan community.
